IDENTITY & INTENSITY

· 1968 ·

IDENTITY

Dynamic feature in constant transformation,
built by one or several individuals.

Your sleepless nights.

The alarm clock going off at 5:13.

Your dreams waiting next to the coffee machine.

That song that you repeat again and again in your mind.

INTENSITY

The energy level with which we show a feeling.

Vehemence of the mood affections.

A light bulb lit in the middle of the night.

Hundreds of words written over each other.

A rainy sky painted in shades of Orange and Pink.

A tsunami between the waves.

A man with a beard and sunglasses is riding a black motorcycle. A woman wearing a red cap, sunglasses, and a blue jacket is sitting on the back of the motorcycle, also riding a skateboard. They are on a paved road next to a concrete wall.

A person who acts and talks without screening and without previous reflection, getting carried away by the first impression, desire or emotion felt.

A full-body photograph of a man with a beard and a black hat, playing a double bass. He is wearing a black jacket and dark pants. The background is a dramatic, smoky teal color. The lighting is focused on the man and his instrument.

A person who tends to be non-conformist, rebellious and questions the social conventions and social roles, declaring themselves against them. They declare themselves actively with fierce, mocking and ironical attitude towards some beliefs and social values.

INDOMITABLE

If you say that someone has an indomitable spirit, you admire them because they can't be tamed, repressed or be put down. Those of us who have an indomitable spirit, have a shield against the influence of those who want to deviate us from our way, trying to tame our free will.
